JAMES MADISON FFA

BOOSTER CLUB

August 16, 2021

Dear Potential Sponsor,

Let me start by saying how delighted I am that you have an interest in supporting the students of the North East Agriscience Magnet Program (AMP), which is home of the James Madison FFA and one of the largest and most active agriculture educational programs in Texas and the nation. Our mission is to develop the potential of students for premier leadership, personal growth, and career success.

The AMP is comprised of nearly 600 high school students with diverse backgrounds studying agriculture and they come from all over NEISD and surrounding school districts to do so. The program offers six pathways of study with more than 25 courses in agriculture education ranging from agribusiness to veterinarian technology. It is housed on 20 acres of the James Madison High School campus where the students are challenged in the rigors of sound curriculum, state-of-the-art learning and outstanding FFA competition.

One of those outstanding opportunities that we provide for our students and the community is the North East Ag Fair. The purpose of the Ag Fair is to engage our North East community in two days full of activities showcasing the skills of students in the AMP through events such as livestock exhibition, agricultural mechanics skill-a-thon, creative arts competition and a BBQ cook-off. The 2022 edition of the North East Ag Fair will be held on January 7 – 8, 2022 at the AMP Complex. We will have approximately 175 students involved with the Ag Fair and estimate a crowd of more than 700 people will attend the fair.

Along with the 2022 North East Ag Fair, the James Madison FFA Booster Club (the parent support organization for the AMP) is establishing for the first time an online Premium Auction to reward students for the time, effort, and finances that they have invested in these agricultural projects. Students that compete in the North East Ag Fair will be able to participate in the Premium Auction and receive monetary contributions from sponsors and donors that students may use for expenses, investment toward future agriculture projects, or to fund college savings accounts.

The addition of the Premium Auction to the North East Ag Fair provides an avenue for our community and local businesses to join our students in their agricultural endeavors by supporting them through monetary donations. The James Madison FFA Booster Club has created various sponsorship levels to allow donors to partner with us at a level that best fits their budget. It is our hope that you join us this year in reaching our goal to provide financial support to students of the AMP. Please note, the James Madison FFA Booster Club is recognized as a tax exempt 501(c)(3) organization as a subordinate in good standing of Parent Booster USA, Inc., Group Exemption Number: 5271, EIN# 27-1546608.

Thank you for your consideration of this request and please do not hesitate to call (210) 356-1454 if you would like additional information about this sponsorship opportunity.

Sincerely,

Doak Stewart
Director – NEISD Agriscience Magnet Program

2022 NORTH EAST AG FAIR SPONSORSHIP LEVELS

FIVE STAR TITLE SPONSOR: \$2,500
